

Food and beverages at automatica

Taste the diverse range of culinary alternatives at automatica. Several restaurants and bars will spoil you with regional specialties and international cuisine. All the restaurants at the trade-fair center also serve vegetarian dishes.

Drinks and snacks are also available from catering stands directly at the fair. If the weather is nice, you can also enjoy your food and beverages outdoors in the Atrium. Relax in our green quiet areas between the halls.

Detailed information about restaurants at automatica 2018 will be available here **as of early 2018.**
