

Outstanding services for your success

The automatica Team and our network of service partners have a complete portfolio of professional exhibitor services available. We provide sustainable support for your trade-fair success—from competent planning and targeted marketing to realizing specific details.

Stand building and technical services

Select a turnkey stand or an individual stand design. We provide competent support for building your stand and will meet all of your technical requirements.

- Stand-building services
- Technical services

Effective marketing services

Take advantage of our diverse range of marketing services to effectively increase the success of your exhibit—before, during and after the fair.
