

Attractive eye-catcher: Your perfect exhibition stand

Stage your presence at the fair the best way possible—make your stand an eye-catcher that will get visitors' attention. We would be pleased to realize your individual ideas. We offer an extensive range of services for building your stand as well as a practical online configurator.

Professional stand-building services

Impress visitors with your exhibition stand and draw attention to your company.

MEPLAN, a subsidiary of Messe München GmbH, can provide competent and reliable support for building your exhibition stand. Whether you prefer a turnkey solution or a custom design, MEPLAN can take care of planning, building and equipping your exhibition stand for you.

Select the turnkey stand that suits your needs best—there are more than 40 different models to choose from at www.meplan.de. Naturally, you can also work with our stand-building experts to realize your individual wishes and ideas.

MEPLAN stand configurator: Get your exhibition stand in four steps

Configure your exhibition stand online based on your chosen stand types. It only takes four steps for our interactive online configurator to calculate the costs of your exhibit. Using the stand configurator is non-binding and free of charge.
